

NORLINGTON SCHOOL & 6TH FORM

A SPECIALIST MATHEMATICS AND COMPUTING SCHOOL

Wisdom is Strength

Dear Parent/Carer,

Following discussions with the local community, it has come to our attention that Eid falls on either Thursday 31st August or Friday 1st September 2017. This will cause significant disruption to the start of school for many students and staff.

Whilst it is not usually possible to change the calendar once set, we have managed to adapt it this year to avoid this disruption. The decision has therefore been taken to start school for all students on Monday 4th September 2017 and remove a professional development day from later in the year. Students will be expected to arrive at school at 8:45am with lessons expected to start for period 2.

It should be noted that on Wednesday 30th August 2017 the induction for year 7 students (10:45 start) and year 12 (12:30 start) will **still** take place.

Please ensure that your son arrives punctually for an 8:45am start, with all of his equipment and in full school uniform.

I would like to thank all parents for their support this year. May I also take this opportunity to wish you a pleasant and enjoyable summer break.

Yours sincerely

J Hernandez
Principal
