

Wisdom is Strength

NORLINGTON SCHOOL and 6TH FORM

A SPECIALIST MATHEMATICS AND COMPUTING SCHOOL

Year 11 Top Marks Workshop (A*, 7-9).

From 3.30 pm to 5pm in Learning Resource Centre

Every Tuesday Week B

Dear Parent / Guardian,

Your son has been chosen to receive additional support in preparation for their GCSE examinations.

Each Tuesday of week B, beginning the 29th November, we expect your son to attend the **Top Marks Workshop**, where they will receive guidance on how to achieve the higher marks in the new GCSEs; you are probably well aware that changes to the GCSEs have made them more challenging in content and structure.

We want your son to be ready to take the opportunity of making exciting, life changing choices this summer. The workshop will enable each student to raise the quality of their homework and independent study to a first class level.

The workshop will include such things as: mentoring from 'A' level students; expert guidance from subject specialists and lectures in: study skills, research, conceptual thinking and wider reading.

We very much appreciate your continued support and expect to see your son on the 29th.

Yours faithfully,

Mr. J Wilson

Gifted and Talented Coordinator.
