

NORLINGTON SCHOOL & 6TH FORM

A SPECIALIST MATHEMATICS AND COMPUTING SCHOOL

Wisdom is Strength

March 2020

Dear Parent / Carer

Re: Year 7 Maths

A message from the Norlington Mathematics Department.

During this time, we are providing the following resources to enable your son's independent study:

Homework and independent learning:

www.mymaths.co.uk

This is the best online platform for Year 7 and Year 8 students. Students can revise older topics or learn new content. If learning new content, pupils should go through the interactive lesson first and then attempt the online homework. The number of tasks currently set is enough for the next two weeks of independent study. After this period your son's teacher will check the homework and add more tasks. This will be done on weekly basis. Your son should already have his login details for MyMaths; in case of lost/forgotten login details please get in touch with your son's maths teacher (see contact details below). If your son wants to do extra work then he can work through 'My Progress' - this gives him access to all the tasks on the site separated by level. Starting at a lower level and working up is usually more effective.

'Offsite Resources for Students' – Accessed through the Norlington portal.

Inside the corresponding year group folder, you can find the schemes of learning (currently in cycle 5). Your son will need to use pen and paper to work through the booklets provided.

Other useful sites:

Mind stimulating questions and puzzles for deep mathematical understanding:

<https://brilliant.org/>

<https://rich.maths.org/secondary>

Tutorial videos, textbook and exam questions with answers:
