

NORLINGTON SCHOOL and 6TH FORM

A SPECIALIST MATHEMATICS AND COMPUTING SCHOOL

Wisdom is Strength

July 2022

JM

Dear Parent/Career

Firstly, please except my apologies for the lateness of this letter, however it is with unfortunate regret that we have had to make severe changes to Norlingtons Projects week next week. Due to the incredibly high temperatures on Monday and Tuesday, we feel that we would not be able to safely operate several of our challenges and as such, have had to postpone large parts our plan.

Projects week forms a huge part of what we do as a school giving our students the opportunity to go above and beyond their own expectations and limits but we have to put the health and safety and our students and yourselves as our highest priority.

It is with this then that we are going to have to **postpone plans for both Monday and Tuesday** next week. Hopefully the cooler weather on Wednesday and Thursday will result in students being able to participate fully in the activities that they have planned. This means that the **majority of students will now be in normal lessons Monday/Tuesday next week**. For the full outline please see the timetable on the rear of this letter, however the following exception are:

- **Monday – Wed** – Yr12 students completing biology field studies.
- **Monday** - Yr12 to complete physical challenge in air-conditioned facilities at Cathall Road LC.
- **Monday** – 9N & S leadership challenge at Leyton County Ground (air conditioned)
- **Tuesday** – 9C and R leadership challenge at Leyton County Ground (air conditioned) Ground

All Students in school are **allowed to attend school in P.E kit next week** as a way to help them stay cooler in the hot weather. **This does not mean however wearing non-uniform items such as hoodies.**

Kind regards

Mr J Matthews

Associate Assistant Principal
