Wisdom is Strength

Guidance for Y12 Assessments

Dear Parent, Carer and Student,

I hope that you and your family are well. Next week, Year 12 Assessments will be taking place from Monday 25th January to Wednesday 27th January. These assessments are important learning and working experiences for all students and should be taken seriously. There will be no live lessons during this assessment period, but live lessons will resume on Thursday 28th January.

Assessment plan:

- **Students will need to ensure they have access to a computer/Surface Go and the internet – smartphones will not be good enough to meet the assessment requirements.**
- Students will have assessment papers from their different subjects sent to them at the time stated on the timetable included in this letter.
- All documents/papers will be sent via Microsoft Teams.
- These documents will need to be downloaded, completed offline and then submitted to their subject teachers by the time set by the teacher (different subjects will have different submission times due to different time lengths of assessments).
- Where appropriate guidance will be provided outlining how much time should roughly be spent on each question.
- Some assessments may ask for a picture to be taken and submitted of a diagram, design or working out.
- Students need to spend the appropriate amount of time on each paper.
- We recommend a quiet place to work is created.
- All papers will be marked and grades recorded.
- The assessments should be the students own work at all times

On the reverse of this letter is the timetable for all subjects. Please make sure you follow this timetable and are ready for each assessment. Students should use appropriate resources to help them complete the exams but should avoid anything that would not normally be with them in the exam hall.

These remain challenging times for all of us. As a school we shall continue to work hard to deliver the best possible education to all our students. We thank you for your continuing support.

Yours sincerely

Mr C Wadey
Assistant Principal, Head of 6th Form
